

REST.

(New York Commercial)
The World is rough.
Scared as its mountains, furrowed
at its fields, tossed its waters.
Ribbed and rugged are its rocks,
serrated its coasts, undulating its
plains.
Its rivers wind in ragged lines from
precipitous heights to the hasty sea.
All its motion. Raging fires be-
neath, the eternal restlessness of
Nature upon the surface, the ele-
ments in flux above.

Hurting through infinite space the
World, and man upon the World, are
on their endless journey.
Where shall we rest?
Rest is not found in avoiding the
fervors, in passing by the moun-
tains, in turning from the sea. There
is no peace in the place from the
sweep of the wind, there is no rest
in the forest from the fury of the
storm. There is no spot of ground
in all the world to shelter smug con-
ceit, luxury and slothful ease.

We are here to share in the
struggles of the Universe and, be our
labor in field or factory, with plow
or pen, neither the task nor the
fools matter, as long as somewhere
we are at work upon something.
Rout's Rest comes from adaption
to work not avoidance of it.
The Mountains are at rest in their
eternal labors. The Sea has deep
fathoms of motionless calm. The
tempest is but a passing breath of
the silent firmament.

And man, poised and balanced by
his conscious mind in the midst of
a world of action, can find his rest
in his work in harmony with the
throbbing, pulsing life of Nature in
tireless and eternal—progress.

CRERAR GIVES
HIS POLICY ON
NATIONAL LINES

Would Close Some Transcontinental
Running Across Wilderness.

Ottawa, May 17.—Discussion of
railway estimates in the house today
brought from Hon. T. A. Crerar, leader
of the National Progressives, an im-
portant declaration of his policy
on the national roads. He advocated
the closing up of part of the trans-
continental lines running across the
wilderness between eastern and
western Canada. He urged a re-
evaluation of the entire system on a
replacement basis and its unification.
He favored the suggested regional
districts, and took the ground that,
in encouraging immigration, the
governments should take steps to
see that the new settlers were placed
along the National lines.

It was, too, he argued, a sound
principle that the fiscal policy of the
country should be so drafted as to
stimulate production from the farm,
the forest and the mine and railway
traffic would thereby be encouraged.

PRIVATE OWNERSHIP
"If the National railways are turned
over to private ownership at any
price which private ownership would
pay, the country would forever lose
their potential value, but would not
escape the liabilities involved," Mr.
Crerar declared.

Mr. Crerar's speech came at the
close of an afternoon's discussion on
the railway estimates, a discussion
which will be continued tomorrow.
Earlier, Hon. Walter Mitchell, Liberal
member for St. Antoine, and for-
merly one of Sir Lomer Gouin's
lieutenants in the provincial govern-
ment of Quebec, had defended private
ownership of railways. Mr.
Mitchell went further, he expressed
opposition to the principle of public
ownership and operation of all public
utilities.

PUBLIC IS PAYING
"I have come to the conclusion on
general principle," Mr. Mitchell an-
nounced, "that the public pay more
under private ownership than they
benefit from lower charges."
Right Hon. Arthur Meighen, leader
of the opposition, charged in reply
that Mr. Mitchell had no case. As
the National lines had not been con-
structed as commercial propositions,
no private company could make them
pay.

CONSTITUTION
FOR EGYPT IS
CAUSING SPLIT

Country Divided Into Two
Diametrically Opposed Camps

Cairo.—The framing of a دستور
constitution for Egypt, made neces-
sary by the lifting of the British pro-
tection of Egypt, has become the paramount
feature of Egyptian politics.

The question as to who shall
frame the دستور, which has been
under discussion in the native press
ever since the first royal decree was
held by King Fuad at Abdin Palace,
has divided the country politically in-
to two diametrically opposed camps.
The Nationalists who are mostly
adherents of Zaghouel Pasha, have
been demanding that the constitu-
tion be drawn up by a National As-
sembly elected by the people. The
Ministerialists who are supporting
the government of Premier Serwat
Pasha and who have just won the
day, have been in favor of appointing
a special commission for the task.

The commission already appointed
is composed of 31 members under
the presidency of Husny Fashan,
former prime minister. It is to draw
up within four months a project for
a constitution which will be thrust
out by the Egyptian parliament
a special commission for the task.
It is except in that which concerns
the prerogatives of the throne.

The Nationalists project calls for
a parliament to consist of two cham-
bers. All the members of the lower
house will have the right to amend
the constitution. The members of the
senate are to be elected by popular
vote; the other half of the senate to
be appointed by the executive.

SCHEDULE OF GAMES

May 26—High School vs. Mercantile.
May 30—K.P.'s vs. High School.
June 2—Mercantile vs. K.P.'s.
June 4—High School vs. K.P.'s.
June 6—K.P.'s vs. Mercantile.
June 9—K.P.'s vs. High School.
June 12—Mercantile vs. High School.
June 16—High School vs. Mercantile.
June 20—K.P.'s vs. High School.
June 23—Mercantile vs. K.P.'s.
The first mentioned team in each
case is the home team, and will be
responsible for supplying the ball
and the umpire. The home team will
also take up the collection. Be lib-
eral; the boys will need some money
to carry on.

SO EASY TO BE
WELL AND STRONG

Take "Fruit-a-lives" The
Wonderful Fruit Medicine

805 Oakes St., Montreal.
"I suffered terribly from Constipa-
tion and Dyspepsia for many years.
I felt pains after eating and had gas,
constant headaches and was unable
to sleep at night. I was getting so
thin that I was frightened."

At last, a friend advised me to take
"Fruit-a-lives" and in a short time the
Constipation was banished, I felt no
more pain, headaches or dyspepsia,
and now I am vigorous, strong
and well."

Madam ARTHUR DEAUVERE.
Box a box, 6 for \$2.50, trial size 25c.
All dealers or sent postpaid by
Fruit-a-lives Limited, Ottawa.

DIMS DALE MADE
COMMISSIONER OF
ALBERTA HIGHWAYS

H. G. Dimsdale, who has been
superintendent of the Lacombe and
Northwestern Railway has been ap-
pointed highway commissioner for
the province. Together with Mr.
Dimsdale will be Dr. Clarke of the
University of Alberta engineering
staff, who has been doing consider-
able experimentation on road mate-
rials available in Alberta, and J. D.
Robertson, deputy minister of pub-
lic works are the other government
representatives on the new board.
Two others are still to be appointed.
These men will act in an advisory
capacity to Commissioner Dimsdale.
In announcing the appointment of
Dimsdale, Premier Greenfield
stated that he had had good road
making experience overseas. Capt.
Dimsdale was a U.F.A. candidate in
the last election at Grouard, but lost
out to the former member from that
constituency, Hon. J. L. Cota.

BRITISH CRISIS
IN THE COMMONS
PASSES QUICKLY

Government Intends to Treat its
Defeat As a Minor Matter

London, May 17.—The crisis pro-
jected by the defeat of the govern-
ment in the house of commons last
evening, passed as suddenly as it
arose. The cabinet, after a council
lasting an hour today and tele-
graphic consultation with the prime
minister at Genoa, has decided to
carry on and appoint a select com-
mission to investigate the question
of teachers' superannuation, refusal of
which in the first instance led to the
government's defeat.

Austen Chamberlain announced
the government's decision to a full
and animated house today, all the
same time indicating that he would
be obliged to ask parliament for a
supplementary estimate to compen-
sate for the loss of revenues, pending
the determination of whether the
teachers should contribute to the
superannuation fund.

The government affects to treat
the defeat as a minor matter, but ex-
amination of the division lists shows
that not less than fifty eight govern-
ment supporters, equally divided be-
tween unionists and liberals, voted
against the government.

DELMORE TRIAL
TO BE STARTED
EARLY IN JUNE

Preliminary Steps Taken in Montreal
For Hearing at Coming Session.

Montreal, May 17.—Several pre-
liminary steps were taken today in
preparation for the trial of Rev.
Father Adolphe Delmore, charged
with the murder in this city early in
January of his halfbrother, Raoul,
then on holidays from Ottawa Uni-
versity, where he was a student.
The accused priest is to appear at
the June session of the court of
King's Bench. Subpoenas were sent
to Chief of Detectives Legeay, De-
tective G. Lalonde of the city force;
Dr. W. Dromme, morgue doctor, and
Constable Puisse, of the coroner's
staff.
Those subpoenaed are called upon

to appear before the grand jury on
June 1. On information supplied by
them the jury will decide whether or
not to bring in a true bill. Should
the hearing go forward, 42 witnesses
are to be called into court to testify.

The Ladylike Habit.
"My wife says she will leave me if
I don't quit smoking," said Mr. Meek-
ton.
"Going home to her mother?"
"No. Her mother smokes more
than I do."—Washington Star.

More Cream Wanted

Below are the Government Grades last week at our

WEDNESDAY, MAY 24, 1922.

OUR TURN SOON.

Parts of the East are experiencing a building boom due to the improvement in financial conditions. This movement is sure to spread westward and disperse the gloom to which people in this part of the world have allowed themselves to become victims.

There is no more real excuse for most of the hard times that we hear than there is to the economic possibilities of our Western land.

We will be awakened one of these fine mornings by the sound of the hammer, and as we rouse ourselves, we will wonder why we haven't seen the following of industrial activity coming our way.

The following editorial reference from the Stratford (Ont.) Beacon is apropos.

"One of the most pleasing signs of Spring is the evident resumption of building in Stratford and elsewhere. Not only is the badly needed construction of houses going on everywhere, but the result, in the purchase of materials, furnishings and equipment is bound to have a beneficial effect upon industry as a whole."

"There is probably not so much building under way in Stratford as in some other places, but there is no reason why there should not be more. Toronto is having a building boom unparalleled in the city's history, and the same is true of some other cities. This would seem to indicate confidence upon the part of builders that homes can profitably be erected under present conditions."

"Practically every city in Canada is suffering from the lack of housing accommodation, and Stratford is no exception to the general rule, and the construction of homes, with a consequent readjustment of rents and other important items, to the family budget, will undoubtedly do a great deal towards hastening the approach of normal business conditions."

UNIVERSITY WEEK

Special Course for Young People from the Farms of Alberta, June 7 to 13.

Headquarters of the U. P. A. in Calgary are circulating the University Week for Farm Young People, when a special short course will be held at Alberta University under the direction of the Department of Extension and the College of Agriculture, June 7 to 13, inclusive.

The program will include lectures on practical agriculture, nature study, botany, geology, etc., addresses on community problems and public questions, short plays, nature building, educational moving pictures, community singing, sports, visit to the government buildings, the museum, etc. One afternoon will also be devoted to a business session of the Junior U.P.A. and upon the contributions to the Junior Conference Fund are being made by the various Local units of the U.P.A. or at least assist in paying railway fare of juniors attending the conference. All delegates pay their own board.

In 1919, the first year of the course, 100 men and women from farmers attended. The second year showed about the same enrolment, but last year with the increase to 160, being the most successful thus far both in point of attendance and interest.

This week of opportunity should exert a tremendous influence on the lives of the young people who attend.

A wild night of firing in the Marrowbone district of Belfast with police and soldiers battling gunmen was followed by further shooting Thursday morning. At least four men are dead as a result of these disorders, and some of them seriously wounded.

tion to fill the three vacancies in the provincial legislature existing in Whitford, Sedgewick, and Ribstone, will be held during the month of July. These vacancies were created by the resignation of Hon. Chas. Stewart in Sedgewick to enter the Dominion Cabinet, the passing of A. S. Shand in Whitford, and by the death of O. F. Wright of Ribstone, shortly after the session.

A poultry plant is being established by the department of agriculture, at the government farm at Ponoka, Alberta, where poultry products will be supplied to the inmates of the hospital.

According to reports received by Dairy Commissioner Marker, the new system of government grading of cream now in operation in the province is working out smoothly, and there has already been noticed an improvement in the grade of cream shipped in by the farmers, and in the method of handling the cream.

The Lone Star Ranches, Limited, have been incorporated at Jenner, with a capitalization of \$5000.

The hamlets of Cluny and Standard have been incorporated as villages.

CATTLE ROUNDUPS.
Attention is called to the fact that requests for roundups of cattle, before being granted by the minister of agriculture, must be signed by at least ten persons who shall be responsible for the conduct of the roundup in accordance with the regulations.

COMPLAINTS AGAINST FARMERS.
Complaints have been received by the department of agriculture that in some cases where cattle have been impounded, the department has without being fully or properly described in the advertisements. The department will prosecute every step against any person found guilty of improperly or insufficiently describing cattle impounded and to be offered for sale.

After June 1st all restaurants in the province will require to have a provincial license, in accordance with the act passed in 1921. The department will prosecute every step against any person found guilty of improperly or insufficiently describing cattle impounded and to be offered for sale.

Coal production in Alberta since the first of the year has shown a marked increase over the production for the same period of 1921. The output for the period for the first three months of the year was 1,356,414 tons compared with 1,050,000 tons for the same period of last year. A total of 11,500 tons was shipped to the coast for export during the first three months of this year, the coast market for Alberta coal showing considerable development.

A soil survey in southern Alberta, which has been under way since between Nanton and Macleod, eastward to Medicine Hat, is being completed by the department of agriculture. The department is also conducting a survey of soils of the faculty of agriculture at the university. The department is also conducting a survey of soils of the faculty of agriculture at the university. The department is also conducting a survey of soils of the faculty of agriculture at the university.

Lambing is proceeding in southern Alberta under favorable conditions. A good crop is expected. Shearing will start about June 10th.

Preliminary conferences to discuss the framing of a new uniform city by-laws have been held at Nanton, Red Deer, and other municipalities, with Commissioner Yorath of Edmonton and City Engineer Brown of Calgary. A tentative agenda has been drafted and a final conference with representatives of all cities is to be held shortly.

NATURAL RESOURCES.
Premier and Attorney General Broyles returned during the past week from Ottawa, where they have been negotiating with the Federal government in connection with the return of the natural resources to the province. The Premier will issue an official statement shortly on the progress made in the negotiations and the lines along which Alberta is proceeding.

Plans are now being prepared for a new unit to the mental hospital at Ponoka. The new unit will be uniform in style, and character with the other units, and will provide additional accommodation at the hospital for about 200 patients.

NEW DISTRICTS FOR HEALTH NURSES.
Arrangements are practically completed now for the most comprehensive program of lectures, clinics and demonstration work yet undertaken by the Public Health Department in the Province. As has been announced previously, additional public health nurses are being placed in the field this summer. New districts in which these public health nurses will be established are Chipman, Provost, St. Paul de Metis, Lesser Slave Lake, and the Ruthenian district. The duties of these public health nurses comprise chiefly inspection of school children, home visiting and lecturing where possible, and general assistance in the health authorities in conducting an educational campaign in health habits.

Itineraries are now being arranged for a series of lectures and clinics now in the Athabasca district, and on their return will work in the districts west of Edmonton, lecturing on health matters. Miss Corroy will commence on May 15th a tour of the C.P.R. line east of Edmonton, working back by way of the Provost line of the C.P.R. Miss Corroy will also be working back by way of the C.N.R., Calgary-Edmonton line, and will lecture at Medicine Hat, the Killam, Strome, Inniashall, Round Hill and Oatton districts.

A series of lectures and clinics will also be held on the Youngstown line at various points between Munson and Assiniboia. These districts are needed for clinical work, which may be arranged later in the season. There is also a request for clinical work from Ribstone district.

The work of the public health nurse, as has been stated, is chiefly educational. At points where it can be arranged, child welfare clinics are held. These are for examination of babies and children of pre-school age. When services of a doctor are available, a complete medical examination is given each child. If a doctor is not available, the nurse weighs and measures the child, and gives instruction in infant feeding and dieting. Where lectures and demonstrations are held in home nursing, on communicable diseases and other health subjects are given, and demonstrations are held in home nursing.

Plans are now being prepared for a new unit to the mental hospital at Ponoka. The new unit will be uniform in style, and character with the other units, and will provide additional accommodation at the hospital for about 200 patients.

SECOND CROP REPORT

Issued by Publicity Commissioner, Government Buildings, Edmonton.

Thursday, May 18th, 1922.

The third week in May finds practically all of Alberta's wheat crop in the ground, the grain beginning to show, while seedling of oats and barley is only well started in most districts, according to the most fortnightly official crop summary compiled by the Department of Agriculture from reports received from agents.

The weather has been cool and showery, with very few warm days, and growth has been slow. Moisture conditions continue to be generally satisfactory, particularly in the southern areas.

Southern Areas: These areas continue to enjoy a fairly heavy precipitation, according to the most fortnightly official crop summary compiled by the Department of Agriculture from reports received from agents. The weather has been cool and showery, with very few warm days, and growth has been slow. Moisture conditions continue to be generally satisfactory, particularly in the southern areas.

Central Areas: Wheat seedling is completed and most of the grain showing a growth now of from four to six inches. Alfalfa growth is well advanced and in one or two sections has been well killed.

Northern Areas: All wheat seedling is completed and most of the grain showing a growth now of from four to six inches. Alfalfa growth is well advanced and in one or two sections has been well killed.

Stocking Conditions: Pasture lands and hay crops are in need of moisture, however, the condition as far as might have been expected. Grass is showing a splendid growth, however, and a very rapid improvement in condition of stock.

Grasshoppers: Grasshoppers offer a more serious menace than in any other year. Eggs are being laid out in large numbers in the more southern areas. The department urges upon the utmost co-operation on his part with the established organization to combat this pest, farmers should lose no time in taking every possible step to this end.

A total of 31,974 cattle for food had been imported by the United Kingdom from Canada in 1922, in the first four months of this year. Sir A. Griffith Boscawen, minister of Agriculture, said on Thursday.

The supporters of Premier Lloyd George in both houses of parliament are planning a big welcome for him when he returns to London on Saturday from Genoa.

A feature of the convocation exercises of the University of Manitoba on Thursday, at which 200 graduates in all faculties were admitted to degrees, was the awarding of honor degrees as doctor of laws to Rev. Joseph Blain, S.J., of the University of Alberta, Edmonton.

Last Thursday, May 18th, was a particularly interesting evening for the Wolf Cub Pack.

The boys who had passed their Tenderfoot Tests took the Cub Promise and were invested as Wolf Cubs in the Great Brotherhood of Scouts.

A number of parents and friends were present to witness this interesting ceremony. The Pack having formed in the Council Circle, and given the Scout Promise, the following boys were admitted to the Cub Brotherhood by the Cubmaster:

The following boys were presented in their Sixes: No. 1, H. Forhan, J. Saunders, W. McPherson, F. Wright, No. 2, E. Lowe, L. Forhan, L. Reidy, W. Trimble, No. 3, G. Spears, G. Kelly, E. Bellamy, J. Stephenson, D. Smith. These boys having taken the Promise, were admitted as Wolf Cubs.

Following the investiture, the Rev. E. Lowe, Comas, Scoutmaster J. Gail, Dr. Saunders, and Mr. J. A. McPherson spoke to the boys, and expressed good wishes for the welfare of the Pack and the good that can be got out of the organized training obtained through the Scout movement. The investiture ceremony then closed with the Howl, and a short time was spent in games before the pack was dismissed.

On Sunday, May 21st, the Pack attended the joint Empire Day church parade in conjunction with the Boy Scouts, Girl Guides and Wolf Cub Jack to the Methodist Church, at the close of which the badges were presented to those who were invested as Wolf Cubs.

BALOO.

Exquisite Diamonds

There is nothing more beautiful than our diamonds. They are real gems and the finest product of the diamond cutter's art. We have these and other stones mounted in the most original and unique designs. Quality considered, our prices are the lowest in town.

Tenders for Purchase of Lands

Sealed Tenders will be received by the undersigned up to and including the 30th day of June, 1922, for the purchase of the following lands, subject to title being vested in the Municipal District of Pine Lake, No. 329.

Alberta Park, 3680AH, Pt. N.E. 5-38-27-4 (120 acres more or less).
Red Deer Heights, 1127AM, S.W. 7-38-27-4 (160 acres more or less).
Red Deer Heights, 1128AM, N.W. 7-38-27-4 (140 acres more or less).
Depot Addition, 5367A1, Pt. S.E. 6-38-27-4 (65 acres more or less).
Depot Addition, 5006A2, Pt. S.W. 6-38-27-4 (110 acres more or less).
Red Deer South, 8111AL, Pt. S.E. 6-38-27-4 (40 acres more or less).
River View Heights, 4003AH, E/2 S.W. 1-38-28-4 (80 acres more or less).
Clarewell, 8155AH, Pt. S.W. 13-38-28-4 (18 acres more or less).

Tenders must state price per acre and terms which prospective purchasers are prepared to pay, and must be accompanied by a marked cheque for 5% of the total purchase price. In the event of a tender being rejected, the marked cheque will be returned. The highest or any tender not necessarily accepted.

Tenders must be marked on the outside of the envelope "Tender for purchase of land" (name of property).

W. E. TRUEMAN, Secretary-Treasurer,
Municipal District of Pine Lake, No. 329.

The W. E. LORD CO. LTD. RED DEER, ALBERTA. Registered TRADE MARK No. 3776

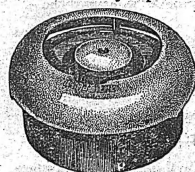

PATENT SPORT PUMPS
For Growing Girls and Women.
SPECIAL, \$3.45 pair.
Very Smart Pump made over neat,
comfortable fitting last; plain, medium
recede toe; medium turn soles
and neat military heel; soft, black
patent leather; sizes 2½ to 7.

RED STAR Detroit Vapor OIL STOVE The King of Oil Stoves

Cooks like a gas range. The Red Star does any kind of cooking—baking, roasting, boiling, frying, that a gas range can do—and does it just as quickly.

All the heat is concentrated directly under the utensil; none is wasted. Fuel saving is gully 25 percent.

Come in and see the wonderful Red Star. See how easy it operates—how easily kept clean.

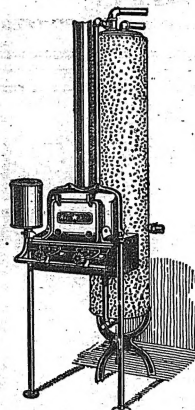

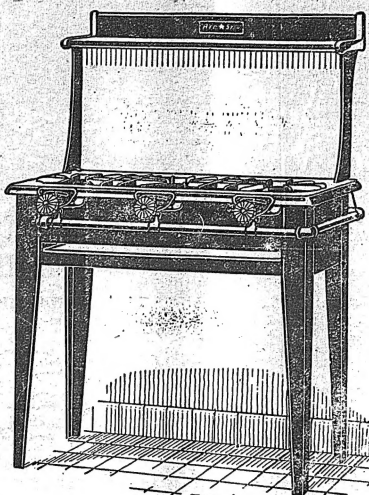

THE FAMOUS RED STAR BURNER

No wicks—No wick substitutes.
The only really wickless oil burner
made.

The wonderful efficiency of the Red Star is due to its distinctive all-metal burner. Burns gas, which it makes automatically from kerosene, gaso-

line and other cheap fuels. Gives 2 rings of hot gas flame instead of one. The burner becomes red hot, adding more heat. Gives 23 hours per gallon.

Red Star Water Heater

This water heater is equipped with two burners and 38 feet of ¾-inch copper coil. It may be used with ordinary 20 to 60 gallon tank.

Canvas Foot- wear for Women Men & Children

Our stock this season is the most complete we have ever shown, and, considering the splendid quality, is priced exceptionally low.

WOMEN'S WHITE SPORT PUMPS, Special \$1.75

Same style as above, but with two straps; sizes 2½ to 7 Special \$1.95

WOMEN'S WHITE CANVAS HIGH CUT BOOTS WITH RUBBER SOLES

A splendid shoe for tennis, etc.; sizes 2½ to 7. Special \$1.75

WHITE TENNIS OXFORDS FOR WOMEN, at SPECIAL, \$1.50

Very cool and comfortable, and especially suitable for tennis, etc. Have fine white canvas uppers; white rubber outer soles; have leather inner soles, which makes them more comfortable to wear. Sizes 2½ to 8.

BOYS' RUBBER SOLER CANVAS RUNNING SHOES, SPECIAL \$1.10, \$1.20, \$1.25, \$1.35.

Made of strong canvas uppers and corrugated rubber soles and rubber toe cap. All sizes, 11 to 5.

CHILDREN'S BROWN AND WHITE CANVAS SLIPPERS, Special \$1.00, \$1.15, \$1.35 and \$1.65 Pr. Cool, comfortable and serviceable for warm weather wear. Made of good quality canvas uppers and corrugated rubber soles and heels; all sizes.

3 in 1 Handbags

\$1.25 each

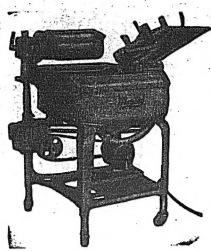

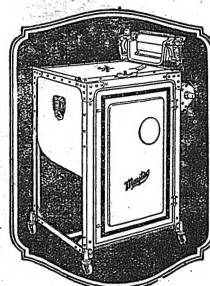

A handy convenient bag for shopping; made of soft pliable fabric in black grain finish, the special dome fasteners permit it to be quickly changed into a good-size shopping bag.

Demonstration MAYTAG Washing Machine

Thursday, Friday and
Saturday

MAY 25th, 26th, 27th

The Maytag Company Perfects
New Principle of Washing

We want you to see this new Maytag masterpiece—The Gyrofoam Aluminum Washer. It is new in construction, new in looks, new in cleaning principle, new in operation. It makes faster washing, cleaner washing, more careful washing. These results are accomplished by the new Gyrotator, a device created by the Maytag Company. No words can fittingly describe the action of the water. You must see it: you must watch it.

Demonstration—May 25, 26 and 27. Don't forget these dates.

Ladies' Ready-to-wear

DAINTY NEW VOILE WAISTS, Priced \$1.25, \$1.50, \$1.95, \$2.25, and up to \$6.95

From our big stock of voile waists you are sure to find just the style that pleases most and at the price you wish to pay.

Voile Waists at \$1.25—A splendid value in fine white voile, and may be had in either high or low neck; daintily trimmed with lace, hemstitching and tucking.

Voile Waists at \$1.50—Another splendid value, fashioned of fine white voile and daintily finished with embroidery, hemstitching and lace edging; neat collar and neck.

Voile Waists at \$2.25—Particularly dainty waist of fine voile; has square collar, finished with val lace; front embroidered and neatly hemstitched.

WHITE WASH WAISTS at \$1.95 Smartly made of fine drill and pique. Have neat pearl button trimmed pockets and waistband; belt also finished with pearl buttons. All sizes.

WOMEN'S WHITE WASH SKIRTS Priced \$2.25

Smartly tailored skirts of white drill; have neat novelty pockets, finished with pearl buttons; fastened at waist with loose belt and pearl button trimmed. All sizes.

WHITE GABARDINE WASH SKIRTS at \$2.95

A splendid quality skirt of fine white cotton gabardine, smartly tailored and finished with novelty pockets, shirred waist and belt button trimmed. All sizes.

White Crossbar Voile Waists at \$4.25

—One of the newest and most popular waists shown this season—fashioned of very fine white voile in neat crossbar design; has round polo collar, daintily edged guipure lace; has long sleeves with the double cuffs, finished with lace; front is finished with six rows of pin tucking. All sizes.

Shoe Department

BROWN LEATHER SANDALS FOR CHILDREN

There is nothing to equal these serviceable leather sandals for summer wear. They save the more expensive footwear. Made from good quality brown leather; good weight durable soles and heels; smooth inner soles; all sizes.

BOYS' BROWN CANVAS BOOTS, \$2.25 and \$2.50 PAIR

Serviceable boots for the warm weather. Made of good quality brown canvas with good weight leather soles and heels; have leather toe cap and leather over vamp; leather back strap. Sizes 11 to 5.

STURDY SCHOOL BOOTS FOR BOYS

Special \$3.95 Pair

Strong, serviceable boots for school wear, made from well tanned brown oil grain leather, strongly stitched throughout; have good weight double soles that are well stitched and rivetted. Sizes 1 to 5½.

BOYS' FINE BLACK BOX KIP LEATHER BOOTS, Special \$3.95 Pair

This boot is suitable for fine wear, but is so constructed that it will stand lots of rough usage. Made over neat last; full quarters; double soles, stitched and rivetted. Sizes 1 to 5½.

SHERWIN-WILLIAMS PAINTS & VARNISHES

Here is the unprejudiced suggestion of one of our leading Canadian farm papers.

CANADIAN FARM

"Paint the Farm" Campaign

Do you want your township to be called the smartest, most progressive township in Canada? If you do, start a "Paint the Farm" campaign and you will realize your wishes. Farmers' institutions can't do so better work than urge and help the farmer to paint. But he should need no urging; the value as a money maker and the worth as a foundation to high-class progressive farming should make paint the slogan of every farmer. If you want your good crops in a shabby, leaky, unsprayed, warped barn, rather will you put dirty, dusty crops in a well-painted waterproof barn.

The business like farm owner who works systematically to make the most out of his farm, realizes the importance and economy of properly taking care of farm equipment. He appreciates that good paint plays an important part in protecting his home and farm buildings from the wear and tear of the weather. He knows that wagons, buggies, farm implements, and machinery can all be made to do their work better and to last longer if kept properly painted all the time. Paint keeps wood from checking and cracking and metal parts from rusting, it saves expensive repairs. We carry a full line of Sherwin-Williams Paints and Varnishes for the farm.

S. W. Paint, for outside and inside work. Per gallon \$4.95 and \$5.25

S. W. Family Paint, for outside and inside work. Per gallon \$3.95 and \$4.25

S. W. Barn Red Paint. Ready to use: does not require to be thinned down with oil. Per gallon, \$2.95

S. W. Shingle Stain \$1.90 Gallon

How's Business?

When John Wanamaker, the Prince of Merchants, began business, he resolved to force matters. He was not content to WAIT to be found out—he DETERMINED TO BE found out. In short, he advertised. He threw on his business, small as it was, the light of publicity, and the public of Philadelphia entered the shop on which the light shone.

In this community the public is entering those shops on which the light of advertising is falling.

A WORD TO THE PUBLIC

Be sure of this: those who are using our columns week after week do not give you poorer goods or service, or have higher prices.

Shops which are illumined by advertising court with full confidence your favor

Tanlac overcomes rheumatism by toning up and invigorating the vital organs, thereby enabling them to eliminate poisons from the system. Gaetz-Cornett Drug & Book Co.

W. A. Day is making excellent progress toward recovery after an operation for appendicitis at the Memorial Hospital last week.

Do not forget to visit the Methodist Church Junior Choir 18-cent. tea, J. B. Welton's office, Saturday, June 3rd, from 3 p.m. to 5:30 p.m.

N. White will sail from Montreal on S. S. Montrose on June 16th, for his trip to the Old Country. He will leave Red Deer about a week earlier.

SENNETT WINS NEW LAURELS WITH "MOLLY O"

A production which has attracted wider attention than any that has been produced in years, because it is the result of a re-run of three successful pictures ever released is announced as the attraction that is coming to the Rex Theatre, Monday.

The picture is "Molly O," produced by Mack Sennett, starring Mabel Normand, and directed by F. Richard Jones. The same three people produced "Mickey," which was shown in more theatres and to more people than any motion picture production up to the present time. Mr. Sennett began planning the present production as soon as "Mickey" proved itself the enormous success which it became, but it was not until last year that he was able to secure the services of Miss Normand and Mr. Jones to begin "Molly O."

The story of "Molly O" is primarily strong comedy, but it has a tense dramatic background and many of the incidents in the development of the plot are sufficiently thrilling so that it might safely be classed as a melodrama.
